ABOUT ME

Over more than 7 years of work experience in designing, and managing teams as well as collaborative work with cross-functional teams for the successful delivery of multiple projects. I can solve complex problems. through simple and minimalistic design solutions. It's not about my Profession only although I am following my Passion also. I Love to make innovative designs that connect to clients.

WORK EXPERIENCE

Augmented Resourcing

Sr. UX/UI Designer – 2024 / Present

Working on Event booking & HRMS Portal

Nivesh

Sr. UX/UI Designer – 2018 / 2024

As a design professional, I specialize in creating prototypes, wireframes, and graphics for unified applications. Through design research and stakeholder discussions, I craft cohesive app experiences. Working with the tech team, I implement UI components and develop comprehensive design documentation. Using Agile methodology, I refine applications based on usability testing for user-centric designs that drive success.

Digitalkul

Graphic Designer – 2016 / 2018

I started my first job at a digital agency, where my primary responsibility was to communicate directly with clients and fulfill their requirements.
