### EXPERIENCE

2023 - 2024

#### MERN full stack development Intern Digipodium / India, Lucknow

During my time as a MERN full stack development intern at Digipodium in India, I was able to gain valuable hands-on experience in building and implementing web applications using the MERN (MongoDB, Express.js, React.js, and Node.js) stack.

- Developed and maintained front-end and back-end of web applications
- Collaborated with team members to design user-friendly interfaces
- Assisted in integrating various APIs into projects

2024 - 2024

#### MERN full stack trainer Digipodium / India, Lucknow

During my time as a MERN full stack trainer at Digipodium, India, I had the opportunity to utilize my extensive knowledge and experience in web development to train and guide aspiring developers. Working closely with a team of fellow trainers, I was able to create a dynamic and engaging learning environment for our students.

- Developed curriculum for MERN full stack training program
- Conducted lectures and hands-on workshops on HTML/CSS, JavaScript, React, Node.js, MongoDB
- Provided personalized guidance and feedback to students on their projects
- Collaborated with other trainers to continuously improve the training program

### PROJECTS

#### Form Builder

- Designed and built a form creation platform where users can create, share, and submit forms.
- Includes functionality for form submissions and response management.
- Technologies used: Next js, Node.js, Express.js, MongoDB, Tailwind CSS, SEO

---

## Wild Clay

- Developed an e-commerce website for selling clay-made products.
  - Implemented a voice-enabled system allowing users to search and buy products via voice commands.
  - Technologies used: React, Node.js, Express.js, MongoDB, Tailwind CSS.
-
