---

## SUMMARY

Versatile and technically proficient software engineer with a strong track record of delivering impactful solutions across various technologies. Experienced in designing, developing, and optimizing scalable systems while collaborating effectively with cross-functional teams. Passionate about leveraging technical expertise to solve complex challenges and drive innovation.

---

## TECHNICAL SKILLS

- **Programming Languages & Frameworks:** Angular, Bootstrap, Ionic Framework, Express.js, Node.js, Typescript
  - **Databases:** MongoDB
  - **Cloud & Tools:** AWS, Jenkins
- 

## PROFESSIONAL EXPERIENCE

### Associate Engineer

#### BTS Strategy Alignment and Execution Private Limited | Apr 2024 – Present

- Executed the integration of innovative features aligned with product requirements (PRDs), achieving on-time delivery and exceeding quality benchmarks for three consecutive releases.
- Refactored existing business logic, improving application performance by 20%, and optimized APIs to reduce response time by 35%.
- Collaborated with cross-functional teams under Agile methodologies to identify and resolve critical software bugs, leading to a 40% reduction in reported issues during the next release cycle.
- Streamlined the code review process for four cross-functional teams, introducing standardized guidelines that improved maintainability scores on internal assessments from 75% to over 90%, while fostering a culture of quality.
- Supported team members in troubleshooting issues, fostering a collaborative development environment.

### Software Developer

#### Criton Technology & Automation Private Limited | Feb 2024 – Apr 2024

- Developed Proof of Concepts (POCs) to demonstrate technical solutions, leading to adoption by stakeholders.
- Engineered an Industrial Energy Monitoring System using IoT for real-time energy optimization, improving energy utilization by 10%.
- Mentored interns through code reviews and technical support, improving overall team productivity.

## **Full stack Developer**

**Arkatechs IT Solutions Private Limited** | Sep 2022 – Dec 2023

- Delivered end-to-end project development using Angular, Node.js, and MongoDB, ensuring 100% on-time delivery.
  - Designed and developed Proof of Concepts (POCs) that addressed client-specific requirements.
  - Trained and mentored freshers, equipping them with skills required for project success.
  - Maintained effective communication with clients, ensuring alignment with project goals and high satisfaction rates.
- 

## **EDUCATION**

### **Bachelor's in Computer Applications**

Dr. C.V. Raman University | June 2022

### **Higher Secondary School**

Twin's College of Science and Commerce | March 2019

### **Secondary School**

Shree Vardhaman Vidyalaya | March 2017
