Objective

Accomplished Web Developer with **4.5 years of experience in PHP and Laravel.** Eager to leverage my expertise in building scalable web applications and solving complex problems to drive innovative solutions and enhance user experiences at a forward-thinking tech company.

Experience

Web Developer   **Oct 2021 - Present**
Softomatic   *Pune , Maharashtra*
- Implemented efficient backend services using **AJAX, jQuery, PHP**, and **Laravel** to improve website responsiveness.
- Developed and maintained applications with **integration of API (push notifications and payment gateways)**.
- Utilized **MySQL** database management system to optimize data storage and retrieval processes, resulting in a decrease in loading times for web applications.
- Identified and resolved issues causing slow website loading times and data processing optimizations, resulting in faster page load speed and a decrease in server response time.
- Collaborated with cross-functional teams to conduct regular code reviews and implement test-driven development practices, ensuring high-quality deliverables and reducing bug fixes.

Web Developer   **Jan 2021 - Oct 2021**
Billionbyte IT Solution Pvt.Ltd.   *Kanpur , Utter Pradesh*
- Utilized **HTML5, CSS,** and **Bootstrap** to redesign and optimize website layout, resulting in a decrease in bounce rate.
- Developed responsive web pages using **Codeigniter** and **Laravel** frameworks leading in user engagement.
- Testing and debugging using development tools.
- Build reusable code and libraries for future use.

PHP Developer   **Jul 2020 - Dec 2020**
EliteInfosystem Institute   *Kanpur , Utter Pradesh*
- Developed innovative web-based **PHP** applications by writing clean, secure, and modular code.
- Implemented database design and maintenance strategies to optimize application performance.
- Test, troubleshoot, and debug web applications.
- Scaling project based on client feedback.

Skills

- **Frontend Development**: HTML5, CSS, JavaScript, AJAX, Bootstrap
- **Backend Development**: PHP, Laravel, CodeIgniter
- **Database**: MySQL
- **Tools**: GitHub, Visual Studio Code
- Responsive Design, Testing and Debugging.
- Good problem-solving skills and communication skills.

Education

Krishna Girls Engineering College , Kanpur   **Oct 2011- June 2015**
Bachelor of Technology in Electronics and Communication Engineering   *AGGREGATE : 70%*

Certification

- Level certification from NIELIT-DOEACC.
- Web Development Certificate

Projects

- **Restaurant Management System (Laravel)**: A web application to manage restaurant orders, billing, and inventory. Used Laravel for the backend and MySQL for data management.
- **Job Portal (Laravel)**: A platform connecting job seekers with employers. Integrated payment gateways and real-time notifications using Laravel and jQuery.
