PROFILE

Computer Science professional skilled in full-stack web development and design, proficient in MERN stack (MongoDB, Express.js, React, Node.js) and Python. Experienced in leveraging technical and problem-solving skills to build solutions and achieve team goals. Seeking a web development role in a technology-driven organization.

EDUCATION

B.Tech (Computer Science and Engineering) 2021 – 2025
Future Institute of Engineering and Technology

XII 2019 – 2020
Jawahar Navodaya Vidyalaya

SKILLS

Programming languages: JavaScript, Python , C#, HTML,CSS.

Front-End Frameworks & Libraries: React, Redux, Next.js, Tailwind CSS

Back-End Technologies: Node.js, Express.js

Database: MongoDB, PostgreSQL, Supabase, MongoDB Atlas

Operating Systems: Linux, Windows

Version Control: Git, GitHub

Other Tools & Technologies: Prisma, RESTful APIs, Firebase, NextAuth.js, JWT

Debugging: Postman, Chrome DevTools

Deployment: Vercel, Heroku, AWS (familiar with)

PROJECTS

Blog Application [🔗](#)

- Developed a full-featured blog application using the MERN stack (MongoDB, Express.js, React, Node.js) with Next.js as the front-end framework for optimized performance and SEO.
- Built a robust back-end with Node.js and Express.js, integrating MongoDB for efficient data storage and retrieval of blog posts.
- Deployed a scalable, cloud-based database using MongoDB Atlas, enabling automated backups and seamless data management.
- Integrated secure authentication with Google and GitHub OAuth using NextAuth.js, ensuring user privacy and a seamless login experience.
- Implemented category filtering and search functionality to enhance content discoverability and improve user engagement.
- Designed a responsive, modern UI with CSS Modules, leveraging Next.js for server-side rendering and cross-device compatibility.

PROFESSIONAL EXPERIENCE

Internship 02/2025 – present

The Entrepreneurship Network [🔗](#)

Role: Frontend Developer

Key Responsibilities:

- Developed and optimized web applications using Next.js and React.
- Enhanced UI/UX design for improved user experience.
- Collaborated with teams to implement features and resolve bugs.

Achievements:

- Improved website performance by 20% through optimized code and efficient API usage.
- Successfully implemented carousel, motion animation, parallax.
- Reduced loading times by 25%, enhancing user engagement.

LANGUAGES

Hindi, English

SOFTSKILLS

Problem-Solving: Debugging and optimizing code efficiently.

Attention to Detail: Ensuring UI/UX consistency and responsiveness.

Team Collaboration: Working effectively with designers, developers, and stakeholders.

Adaptability: Learning new technologies and troubleshooting errors quickly.

Communication Skills: Explaining technical concepts clearly to non-technical team members; proficient in English speaking

Creativity & Innovation: Designing modern, user-friendly web interfaces.

Critical Thinking: Analyzing and improving website performance.
