SUMMARY

Full-Stack Developer with 3.1+ years of experience building web applications with **Angular, React.js and Node.js**. Proficient in RESTful APIs, **MongoDb, Sql** databases, authentication, authorization, and maintaining clean code practices. Strong background in test-driven development, and implementing API security best practices.

TECHNICAL SKILLS

| | |
|--------------------------------|--|
| Programming Languages: | JavaScript, Typescript, Core Java |
| Frontend: | Angular, HTML, CSS, React |
| Backend: | Node.js, Express.js, RESTful APIs, Microservices |
| Tools and Technologies: | Git, Figma, Es6, Vs - Code, Postman, Chrome Devtools |
| Databases: | Mysql, MongoDB, Redis |

EXPERIENCE

Softforce Consultants Pvt. Ltd., Hyderabad, IN

Hyderabad- India

Software Engineer | type script, Node.js, MongoDB, Angular, MongoDB

May 2022 – Dec 2024

- Integrated **Google Maps API** to enable interactive maps with real-time location tracking.
- Utilized **Google Maps JavaScript API** to create interactive map features, including **geolocation services, distance calculations**.
- Analyzed and studied project requirements to ensure successful implementation.
- Implemented **AWS CodeCommit** for version control and Git workflows.
- Applied encryption techniques to ensure secure data transfer.
- Provided **JWT-based** authentication and authorization for API security.
- Managed full project lifecycle, from requirements gathering to deployment
- Integrated payment gateways (**Paytm, SBI, RazorPay**) for seamless transactions.
- Implemented **cron jobs** for scheduling customer renewal checks.

KEY DEVELOPMENT PROJECTS

- **Project Name** : EZ Auto **Domain**: Automobile Service **May 2022 - Now 2022**
- **Tech Stack** : Node.js, MongoDB, Express.js and Angular.js
- **Description** Developed vehicle breakdown services for ESI Insurance, managing insured vehicles and providing multiple services.
 - Added new functionality and components to the **case management module**.
 - Integrated **Google Maps API** for **real-time location tracking** for users and vendors.
 - Implemented **SMS** and **email** functionality via **InfoBip**.
 - Created modules for **regional** and **zonal managers** with specific access controls.
- **Project Name** : Cyberior / CRM /Subscription **Domain** : Security Services **Now 2022 – March 2023**
- **Tech Stack**: Node.js, MongoDB, Express.js, React
- **Description** : Developed services for identity protection, account breach protection, device protection, and credit protection.
 - Created a page to manage multiple security providers' contact details (**number, email, mobile**).
 - Integrated **F-Secure** service for enhanced security protection.
 - Integrated **4iQ** for protection of PAN card information.
 - Implemented **B2B** and **B2C** customer registration systems.

- Created **microservices** for task-specific processes on different servers.
- **Project Name** : Homcare Crm /Homcare Axis **Domain** : ConsumerServices March 2023- Dec 2024
- **Tech Stack**: Angular,Node.js, MongoDB, Express.js
- **Description** : Developed premium health, wellness, and lifestyle assistance services for consumers
 - Integrated API services and MongoDB collections to handle service data.
 - Designed and implemented a comprehensive **role management system**.
 - Wrote, modified, and debugged REST APIs to connect the web app to databases.
 - Created **server-side pagination** for handling large amounts of data and improving performance.transformation pipelines and append data into appropriate database based on parameters provided
 - Added offline booking functionality for **diagnostics** and **vehicle care services**.
 - Developed **ticket generation functionality** and booking detail pages.
 - Created APIs for **airport service ticket** generation and **customer profiling**.

Soft Skills

Languages : English (Professional Working Proficiency), Hindi (Native)

Additional : Team Collaboration, Problem-Solving, Agile Methodologies, Requirements Gathering, Cross-functional Coordination, Async Communication

EDUCATION

Bachelor of Technology – Mechanical Engineering

Institute of Engineering & Science IPS Academy, Indore, Madhya Pradesh

CGPA: 7.4/10
