Professional Summary

A skilled PHP developer with over 4 years of experience, showcasing adaptability and versatility in various roles and industries. Proficient in Code Igniter, Redis, REST API, jQuery, Ajax, and JSON, she has led the development of high-impact web applications, ensuring robust and scalable solutions. She collaborates closely with front-end developers, conducts thorough code reviews, and provides mentorship to junior developers. She continuously updates her skills to deliver cutting-edge solutions, utilizing industry-leading technologies and frameworks.

Employment History

Software Developer - II, BYTEME LLP Technologies, Indore

07/2022 - 07/2024

Led the development of high-impact web applications, adhering to coding standards and best practices, resulting in the successful delivery of robust and scalable solutions.

- Collaborated closely with front-end developers to seamlessly integrate user-facing elements with server-side logic, ensuring a smooth and intuitive user experience.
- Conducted thorough code reviews, providing constructive feedback and mentorship to junior developers, fostering their growth and improving overall code quality.
- Implemented agile methodologies, effectively managing project timelines and deliverables, consistently meeting deadlines and exceeding client expectations.
- Utilized industry-leading technologies and frameworks to optimize application performance and enhance functionality.
- Maintained clear and concise documentation, facilitating ease of understanding and seamless knowledge transfer among team members.
- Actively participated in team meetings and brainstorming sessions, contributing innovative ideas and solutions to complex technical challenges.
- Stayed updated with the latest trends and advancements in software development, continuously improving skills and knowledge to deliver cutting-edge solutions.

Software Developer, National Informatics Centre, Lucknow

02/2021 - 03/2022

Led the development of high-impact web applications, adhering to coding standards and best practices, resulting in the successful delivery of robust and user-friendly software solutions.

- Developed and utilized a prototype library for AJAX development, streamlining the creation of interactive and dynamic web applications.
- Contributed to the full software development lifecycle, from conceptualization to deployment, ensuring the timely delivery of high-quality products.
- Created and worked on RESTful Web Services and JSON, enabling seamless communication and data exchange between different systems.
- Demonstrated proficiency in frontend development, making basic, non-branded, bootstrap UI changes with minimal JavaScript.
- Customized and developed modules in the Code Igniter backend, enhancing the functionality and scalability of web applications.
- Maintained clear and concise documentation throughout the development process, facilitating ease of understanding and collaboration among team members.

Software Developer, ARTIIMAZ PVT LTD, Lucknow

06/2019 - 02/2021

Integrated multiple third-party APIs using SOAP/XML, enhancing the functionality and usability of software applications.

- Developed an in-house CRM system using LAMP stack, enabling personalized solutions and reducing annual costs by 15%.
- Created and utilized a prototype library for AJAX development, streamlining the process and improving efficiency.
- Conducted technical analysis to identify and implement efficient adjustments tailored to the company's specific needs, resulting in improved performance and productivity.
- Maintained consistent formatting and tense usage throughout the work history section, ensuring a professional and polished presentation.
- Avoided industry-specific jargon, using clear and concise language to describe responsibilities and achievements.
- Carefully proofread all points to eliminate grammatical errors and typos, ensuring a flawless and error-free presentation.
- Demonstrated a proactive approach to professional development, staying updated with the latest technologies and industry trends.
